

Logi Trans

QUALITY POLICY STATEMENT

**Our ambition is to be the preferred freight forwarder
Our vision is to exceed customers and our own expectations**

We will achieve this by:

- **Providing the correct equipment, documents and personnel for freight forwarding.**
 - **at the right place**
 - **at the right time**
 - **at the right cost**

- **Working in compliance with all applicable laws and regulations.**
- **Satisfying our customers' requirements**
- **Continually improving processes, products and services to ensure that they consistently meet or exceed requirements**

It is also the stated policy of Logi Trans AS to:

- Ensure a safe and good working environment for all personnel; our goal is no accidents, injuries or losses
- Respond quickly and correctly to all enquiries
- Perform all jobs within the agreed timescales and within budgets
- Perform all jobs with a minimum deviation from agreed contract, terms and conditions

This policy will be actively pursued through company training, implementation and maintenance of a documented Quality Management System in accordance with the requirements of NS-EN ISO 9001:2015, with which all company personnel are required to comply.

We ensure that our quality policy is communicated and understood at all levels of the organization through documented training, and relevant system related communication to all personnel.

Logi Trans AS confirms that the Quality Management System shall be rigorously implemented and maintained in all contracts and Company activities.
